

Personal pocket size Web conference microphone speaker

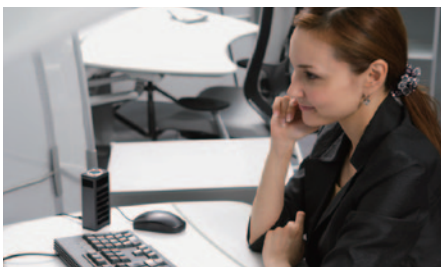

The PJP-10UR is a high quality Web conference microphone speaker featuring aluminum construction and a high performance echo canceller. Just connect it to a PC with a USB cable, and experience smooth, hands-free communication with no cut-outs or echo.

Web conference microphone speaker

PJP-10UR(B)

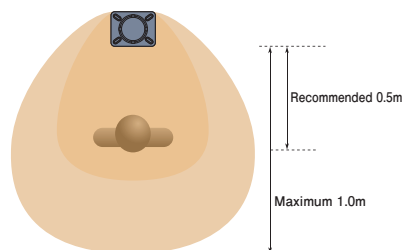

High stability

[High stability]

- Technology on par with high-end equipment delivers a comfortable, natural sound.
- Includes adaptive echo canceller, plus noise reduction function.
- Delivers smooth duplex performance with no cut-outs or echo.
- Offers the high stability demanded by businesses.

Optimized for individual use

[Optimized for individual use]

- Arrayed microphones focus front sounds clearly and reliably.
- Reduces or eliminates unwanted ambient sounds and noises
- Speakers designed with frontal directivity for added power and clarity.

Compact & lightweight

[Compact & lightweight]

- The alumite-finished front and aluminum body mean quality design that balances high strength with low weight (210 g).
- Compact and slim enough to fit in your pocket, the PJP is easy to take with you while traveling or on business trips, and will not clutter your desktop.

■ In the office

Hands and headset-free for relaxed Web conferencing.

■ Hotel & business trips

No fatigue even after long Web meetings when out on the road.

■ Fits in purses and briefcases

Compact, lightweight, and easy to carry anywhere.

■ Comes with carrying pouch

Pouch keeps it safe and sound when you are on the move.

■ Home office

The PJP-10UR delivers realism to Web conferences between the home office to the head office.

■ At home

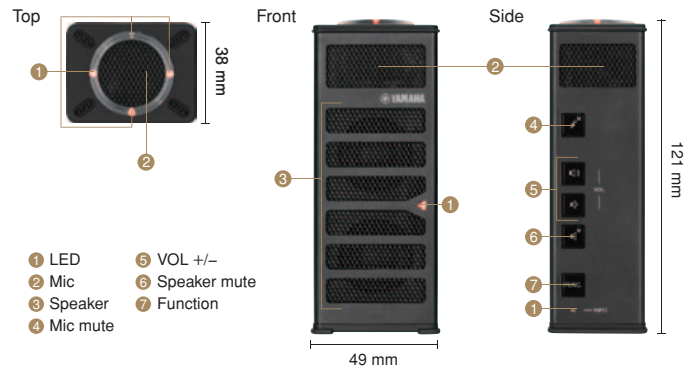

Enjoy casual video chat and hands-free telephone calls while relaxing at home.
