

# Security

1. <https://www.server-domain-name.de>

SSL Verschlüsselung

The screenshot shows the TurboMeeting System Management web interface. The browser address bar displays <https://go.webinar365.de>. The page title is "TurboMeeting System Management". A sidebar on the left contains navigation links for Home, Configuration (IP Settings, System Settings, SSL Certificate), User Management (Users, User Group), Meetings (Scheduled, Active, Restore Meeting), Customization (Name & Logo, Entry Page, Promotion Page, Customize Emails, Audio Conference), and Integration (Application Server, LDAP). The main content area is titled "Manage Your SSL Certificate" and includes a red arrow pointing to it. Below the title are four steps: Step 1: Generate Your CSR (Certificate Signing Request), Step 2: Purchase Your SSL Certificate, Step 3: Upload SSL Certificates, and Step 4: Test Your SSL Certificate. Step 1 includes an "Alert!" stating that generating a CSR will revoke an existing SSL certificate. It contains form fields for Common Name (with example "webmeeting.acme.com"), Organization Name (with example "Acme, Inc."), State (with example "California"), City (with example "San Jose"), and Country (set to "United States"). A "Generate CSR" button is present, with a note: "(Please allow at least 10 seconds to generate your CSR.)"

2. Interne Meetings sind auf definierte IP Netzwerkadressen begrenzt.

Authorized Public IP's to Join Internal Meetings   
(Multiple IP's are separated by commas, e.g., 29.12.21.9, 122.21.23.190)

3. Geplante interne Meetings anlegen

The image shows three screenshots illustrating the process of creating an internal meeting:

- a)** Screenshot of the "Host" configuration page. It has a sidebar with "Tools | Help" and "Host" icon. The main area has input fields for "Email Address", "Password", and "Meeting Server Address" (pre-filled with "go.webinar365.de"). Red arrows point to the "Email Address" and "Password" fields.
- b)** Screenshot of the "Schedule" page. It has a sidebar with "Tools | Help | Sign Out" and icons for "Home", "Host", "Join", and "Schedule". The "Schedule" icon is active. The main area has "Meeting Type" options: Interactive Meeting (selected), HD Video Conference, Webinar, Remote Support, and Remote Access to This Computer. There are also "Subject:" and "Password:" input fields. A red arrow points to the "Password:" field.
- c)** Screenshot of the meeting creation form. It has "Date/Time:" section with "Recurring Meeting" checkbox, "Date:" (21.06.2017), "Start:" (20:00), and "End:" (21:00). The "Security:" section has "Only attendees from my network" checkbox (checked) and "To be published" checkbox. There is an "Attendee Emails:" section with a "Required" checkbox. A "Submit" button is at the bottom right. Red arrows point to the "Security:" section and the "Only attendees from my network" checkbox.
